Budget Billing Plan

Want consistent payments for your utility bills?

NELIGH
NOT TOO SMALL TO HAVE IT ALL

- **Sign up for the budget billing plan to have identical monthly utility bill payments to benefit your budget.**

If you have been a customer of the City of Neligh for at least 12 months, consider signing up for the budget billing plan. This program will help with unpredictable bills that result from seasonal usage variations.

- **How does this work?**

Based on the previous 12-month history of your account, plus a 5% anticipated usage variation, we estimate your usage for the next year. We divide the total by 12 to arrive at your monthly budget billing plan payment amount. We conduct reviews of your account throughout the year. You have the capability to keep track of your budget billing plan on your bill with the billing status.

- **Payment Correctness**

After periodic reviews, your budget billing plan could stay the same or be adjusted up or down, depending on your actual usage. These adjustments are designed to help you avoid a large over- or underpayment at the end of the budget billing plan year.

- **Year-End Settlement**

Annually in April, bills are mailed out with your final payment for that budget billing year. If there is an overpayment or underpayment, notice of this will be disclosed on this bill. In May, we'll review your budget billing plan account for the next year. At this time, the City of Neligh will contact you to discuss your plan for the next year.

- **To enroll**

You may enroll in our budget billing plan if:

- Your service has been in place for 12 months
- You must have a zero balance on your account(s) at the time of enrollment.

To find out more information or to enroll call the City of Neligh office at 402-887-5042 or email jennifer@neligh.org by May 1st.
